Dear Mr Smith,

GetUp would like to thank you for listening to the 40,000 Australians who wrote concerning the funding of the Gunns Pulp Mill. ANZ has demonstrated its position as a bank with a social and environmental conscience.

We would like to thank the members of ANZ's Board for paying attention to the 2,000 Shareholders who urged against financing the Mill. It is heartening to know the Board has upheld the Equator Principles, not just in theory, but in practise.

We would like to thank all the ANZ Customer Service Officers who addressed the concerns of over 1,000 customers who visited their local branches. The staff are a testament to ANZ's promise to really listen.

We hope ANZ's decision resonates with all other financial institutions - local and international - to steer clear of the Gunns Pulp Mill. We also hope that in future ANZ will continue to take its social and environmental responsibility seriously.

Sincerely,

Brett Solomon
Executive Director
